

No Cost Implementation Supports for State Education Agencies

SCHOOL YEAR 2023/2024

As part of your state's annual licensing agreement to use Lexile® measures for reading and Quantile® measures for mathematics, the following implementation supports are available upon request at no cost and offered throughout the contracted school year.

Implementation Toolkit

These implementation supports also are meant to complement and serve as an extension of the Lexile & Quantile State Implementation Toolkit. To access the toolkit, please visit:

Communications and Outreach Support

SUGGESTED LANGUAGE FOR OUTREACH MESSAGING

MetaMetrics® provides a variety of draft messaging for email/newsletter campaigns and social media to help you communicate with educators and families about the value and utility of Lexile measures and Quantile measures.

LEXILE AND QUANTILE INFORMATION FOR STATE SCORE REPORTS

MetaMetrics collaborates with states and their contractors to provide language and/or individualized, student instructional information on state score reports.

LANGUAGE FOR STATE SPECIFIC LEXILE & QUANTILE WEB CONTENT

MetaMetrics provides a draft of text content for your SEA website to explain Lexile measures and Quantile measures, free tools and resources, and their use both in the classroom and at home. Once the content is finalized and approved, MetaMetrics also works with the webmaster or designee to post the content to the SEA's website.

LANGUAGE FOR STATE ASSESSMENT RFPS

MetaMetrics is a sole source to states that choose to use and report Lexile measures and Quantile measures from their state assessment systems. To ensure continuity in use and reporting, MetaMetrics makes available state RFPS that have mandated Lexile measures and Quantile measures through this procurement process.

LANGUAGE FOR OUTREACH TO PUBLISHERS OF TEXTBOOKS & INSTRUCTIONAL MATERIALS

MetaMetrics offers example language that states and/or local districts can use to request that publisher materials be encouraged or required to submit Lexile measures and Quantile measures for books and materials being considered for adoption.

Professional Learning Opportunities

MetaMetrics offers a variety of support including professional learning and informational videos for educators and other stakeholders. These offerings help to expand knowledge of Lexile measures and Quantile measures and the understanding of how these measures can be utilized to facilitate student learning and growth both in the classroom and at home. Content can be delivered in the following formats:

FORMAT	DESCRIPTION
SEA Asynchronous Learning Modules	Module 1 - Overview of the Lexile® Framework for Reading Module 2 - Overview of the Quantile® Framework for Mathematics Module 3 - Access and Utilizing Lexile® & Quantile® Hub Module 4 - Managing Multiple Measures <i>Follow-up Q&A sessions provided, additional topics may be covered upon request.</i>
Face-to-Face Meeting	Annual onsite or virtual kickoff planning meeting for new state partners. Annual review meeting for existing state partners.
Support for Educators	Digital Library - Containing professional learning and informational videos providing instruction on the Lexile and Quantile Frameworks and the tools in the Lexile & Quantile Hub.
State Conference/ Event	MetaMetrics is available to support your annual state sponsored conference or event as availability permits.

Please note: Webinar or In-person, district level professional learning is not included in the services listed above, but may be available upon request.

Lexile & Quantile Tools and Resources

MetaMetrics provides access to the following tools and resources so that educators, families and students can utilize Lexile measures and Quantile measures.

A VARIETY OF LEXILE AND QUANTILE TOOLS AVAILABLE

Many online tools for Lexile measures and Quantile measures are available through the Lexile & Quantile Hub. As part of the licensing agreement to use Lexile measures and Quantile measures, educators in partner states receive Premium access to the Hub and the full functionality of each of its tools at no cost.

Visit the Lexile & Quantile Hub at:

Hub.Lexile.com

Lexile and Quantile Support Team

The MetaMetrics team will provide ongoing communication with the State as thought partners for strategic planning and implementation purposes. This support is intended to inform state policy decisions as well as promote the use of the Lexile and Quantile measures among various stakeholders for improved student achievement. We look forward to working with you to build these implementation supports into your state system of support for educators and families.
